

SAFETY DATA SHEET

EMERGENCY TELEPHONE NO: 01922-745845

THIS SAFETY DATA SHEET PROVIDES SAFETY INFORMATION ONLY AND SHOULD THEREFORE BE USED IN CONJUNCTION WITH THE TECHNICAL USER SHEET(TUS) AND/OR LABEL AS APPROPRIATE, WITH THE SAME PRODUCT CODE.

Name: **Transtech Wash n Gloss**

Tem No: **1123**

1. IDENTIFICATION OF THE PREPARATION

TEM 1123 **Transtech Wash n Gloss**

Intended Use: For professional use only in industrial and institutional cleaning.

2. HAZARD IDENTIFICATION

Preparation is neutral to mildly alkaline. It is considered to be low hazard provided that good standards of industrial practice are maintained. DANGEROUS FOR THE ENVIRONMENT.

3. COMPOSITION / INFORMATION ON INGREDIEN

Contents amongst other ingredients :

Raw Name	Chip Index No	% W/W In Preparation	Haz Class.tn
Amphoteric surfactant		1.0 - 5%	Xi, R41,36/38
Amphoteric surfactant		0.5 - 1%	C, R34,22,50/53

4. FIRST AID MEASURES

Exposure route: EYES

Symptoms: Irritation.

Treatment: Rinse immediately and thoroughly with water for a few minutes, then seek medical advice.

Exposure route: SKIN

Symptoms: Slight irritation/dryness.

Treatment: Wash thoroughly with soap and water.

Exposure route: INHALATION (Mist or Spray)

Symptoms Irritation to mouth, throat and trachea.

Treatment: Not applicable. Likely occurrence negligible or not possible.

Exposure route: INGESTION

Symptoms: Nausea/discomfort.

Treatment: Do not induce vomiting. Wash mouth with water. Seek immediate medical advice preferably showing data sheet or label.

5. FIRE FIGHTING MEASURES

Transtech Wash n Gloss is non-combustible.

Extinguishing media: No special requirements.

Special Exposure Hazards: Fire may well result in spillage / release which can cause personal exposure hazard. Refer to section 8. Thermal decomposition at high temperatures or due to direct involvement in fire will produce irritating fumes.

Special Precautions: Wear breathing apparatus.

6. ACCIDENTAL RELEASE MEASURES

Safety Precautions: Wear appropriate personal protection gear - see section 8.

Environmental Procedure No special precautions.

Clean up Procedure: Wash to foul drain with large volumes of water.

7. HANDLING AND STORAGE

Store in a dry, well ventilated area, protected from extremes of temperatures. Store in containers provided.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

No special requirements. Ensure however, that good industrial hygiene practices are applied. Refer to section 15. Avoid breathing mist or spray.

9. PHYSICAL AND CHEMICAL PROPERTIES

The properties in this section are typical and may be varied or updated by the Manufacturer to reflect changes in product design at any time.

<u>Property</u>	<u>Typical Analysis</u>
Appearance	Viscous light green
Odour	Light lemon
Relative Density	0.99
pH Neat	9 to 10
Solubility (water)	Soluble

10. STABILITY AND REACTIVITY

Stable under normal conditions. Thermal decomposition will produce irritating fumes.

11. TOXICOLOGICAL PROPERTIES

The preparation is considered to be low order of toxicity and, used in accordance with instruction, presents low chemical hazard. Inhalation of mist or spray would irritate the lungs and trachea. As with all chemicals, individuals with lung disorders or breathing disorders may experience more severe reactions. Eye contact may cause eye irritation and soreness.

12. ECOLOGICAL PROPERTIES

Aquatic toxicity: Harmful, may cause long term adverse effects.
Degradability: Surfactants greater than 80% primary biodegradability.
Mobility: Not expected to be persistent in the environment.
Bioaccumulative Potential Not known.

13. DISPOSAL CONSIDERATIONS

Refer to section 6. If local regulations permit run to waste, diluting greatly with running water. Observe all local and national waste disposal regulations.

14. TRANSPORT INFORMATION

Transtech Wash n Gloss This preparation is not classified as hazardous for transportation.

<u>UN No</u>	<u>UN Description</u>	<u>Class no</u>	<u>Category</u>
N/A		N/A	N/A

15. REGULATORY INFORMATION

Transtech Wash n Gloss Preparation is not classified as hazardous for supply by CHIP regulations.
S25: Avoid contact with eyes.
R5053: Very toxic to aquatic organisms, may cause long term adverse effects in the aquatic environment

Note: The information contained in this product safety datasheet and/or product label and/or other user information does not constitute an assessment of workplace risks as required by other Health and safety regulations.(e.g. Control of Substances Hazardous to Health Regulations(COSHH)). Individual countries may have other appropriate legislation for assessing risk and establishing safe working practices.

16. OTHER INFORMATION

Refer to Section 1. No other usage is recommended unless advised in writing by the Manufacturer.

The information in this datasheet is based on the present state of our knowledge of the product at the time of publication. It is given in good faith, no warranty is implied with respect of the quality or the specification of the product. The user must satisfy himself that the product is entirely suitable for his purpose.
